

Special Issue

Educational Technology in English Language

Deadline for manuscript submissions: closed (1 Mar 2024)

OBJECTIVES

Technology has become critical to learning inside and outside the classroom. Most language classes use technology in some kind. The special issue highlights the latest research on Educational Technology (ET) used by teachers, students, and curriculum. It will provide a comprehensive overview of the theoretical foundations, numerical methods, and application of ET used in teaching/learning English.

TOPICS

- Educational Technology in Teaching and Learning
- Educational Technology Tools/Applications
- Educational Technology in the Classrooms and Higher Education
- Educational Technology integration and Leadership
